APPEAL TO WHITE MEN

Regardless of Party, to Redeem the State.

The American continent was discovered by Columbus in 1492. It was then in the inherent possession of savage Indians, who were governed by ignorance and superstition, on which account the British drove them from post to pillar and introduced their own laws of monarchy as superior to Indian superstition, believing that all sovereignty, as vested in the monarchial head of their king, and that no subject had either the right nor power to exercise his own will, but owed allegiance to the will of the monarch over him.

This state of Indian superstition ruled in some parts of this continent, and English monarchy in other parts, for two hundred and eighty-four years, when the American colonies in 1776 discovered, too, the world, and for the world, that neither Indian ignorance and superstition nor British monarchy was worthy of the allegiance of an intelligent people.

But the great and glorious work of formulating a constitution or declaration of principles was left to that illustrious statesman Thomas Jefferson to mould into shape a "government of the people, by the people, and for the people."

The great democratic party of this nation, and of the world, was laid down by the father of democracy, Thomas Jefferson, in 1776, and he then and there organized the democratic party on the basis that all men were equal before the law and should be heard in all their grievances. But does any one believe that over the idea of negro equality, socially, legislative, judicial or executive ever entered the brain of Mr. Jefferson? No; not a man living believes such an absurdity.

The democratic idea of all men being equal does not apply to the white man and the negro, to a wise man and a fool, to an honest man and a thief, to a truthful man and a liar. But it does apply to the monarch and his subjects; that they are all of one blood, and in that sense are born equal, and this is the sense and spirit of the American constitution today.

This great democratic party is the only safe body-guard of the State today; it is the only political body whose life, birth and existence is co-equal with the government itself. All other organized bodies have come and gone; they have all perished in and by their corrupt policy, while the democracy of our State was wrecked by the treachery of Grover Cleveland to his pledge of fidelity to their platform, and about 31,000 became dissatisfied and withdrew from the democratic principles or party in North Carolina and organized under the name of The People's or Populist party.

This act of hasty indiscretion opened the door for the negro party to walk into power in North Carolina. I say the "negro party" because they have a voting strength of 120,000 in this State, while the white republicans have only 30,000 voters, and the populist have a voting strength of 31,000. So the negro is 59,000 stronger in North Carolina than the white republicans and populist combined.

Then, if the Mississippi river is the great river of the State, because it is the largest river in the State, and all smaller rivers that fuse with it are tributaries to the Mississippi river, the negro is the great republican political river in North Carolina because it is over three times as large as the white republican tributary river, and the same may be said of the little white tributary populist river of 31,000 votes and as those white little streams can be seen and look nice and even look large, as they run over the pebbles of the brook, by themselves; but when they enter themselves into the great black republican sea of 120,000 negro voters, like the little river, they are swallowed by the big river, you stop on the shore and exclaim, little white pig river and little dog creek are lost, lost, lost, forever; lost! never to be seen nor their darling names to be sounded again as a political party. But the great democratic party is 150,000 strong in North Carolina. This river is now called "Great White River," 30,000 stronger than the black sea, 120,000 stronger than little white dog creek and 119,000 stronger than little white pig river.

Now suppose the democrats were to fold their arms and say we will not run a candidate for the next four years nor take any part in politics and leave the fight between the negroes, the white republicans and the populist. What would be the result? The negroes with 120,000 voters would be fools to fuse with either the white republicans of only 30,000 strong or the populist of 31,000 strong. The only political fusion then would be between the white republicans and the white populist and after they fused, the negro could de-

FEDERAL TROOPS ASKED FOR.

Governor Russell and Senator Pritchard Want Uncle Sam to Help Them in North Carolina.

Washington, Oct. 24.—At an informal cabinet meeting today at the White House, the President broached the subject of the possibility of having to send Federal troops into North Carolina during the November election.

The gravity of the situation in that state is felt by administration officials here and nobody knows what may be the outcome. It has leaked out that Senator Pritchard has written a letter to the republican officials, stating his fears in plain language. He goes so far as to say that it is more than possible Governor Russell will call on President McKinley for the troops if there is not a change in the situation. Senator Pritchard states that the state troops are all in the government service, and not many are available to quell prospective riots. The views of Senator Pritchard and Governor Russell, which had been conveyed to the president, were fully explained by him to the cabinet officers. These members of the cabinet were present: Attorney General Griggs, Secretaries Alger, Long and Hay. Of course the President has no power to send Federal troops into the state until the Governor has made requisition for them, and show that he is unable to handle the situation with the forces at his command, and again Governor Russell could not call for Federal troops until the supposed rioting had actually occurred and he was able to show that he had exhausted all the efforts of the state to suppress it. With these facts well considered and understood, that while the president is said to be adverse to using Federal troops at election times, yet he will be prepared to act should the occasion demand, and comply with Governor Russell's requisition. It is understood that Senator Pritchard's letter was written before the riot near Lumberton, N. C., and is based on the intense race prejudice and the reported wholesale purchase of arms.

Washington, Oct. 24.—Senator Pritchard has suggested bringing United States troops into North Carolina, ostensibly to preserve the peace, but as democrats here believe to influence the coming congressional and legislative elections in the state. He has written two letters here, one to the President and one to Chairman Babcock, of the republican congressional committee. Both are of similar tenor.

In his letter to the President, which formed the subject of a special cabinet meeting today, and which was written last Friday and received this morning Senator Pritchard says that democrats have raised the race issue in this campaign; that most intense feeling exists; that democrats have instituted a system of intimidation of negroes that threatens the peace of the State, that whites are arming and that colored people are buying weapons wherever purchasable, although merchants, a majority of whom are Democrats, will not sell weapons to the colored people. The most serious trouble is looked for in counties where colored people predominate. It is charged that Democrats are buying weapons in those counties to intimidate colored voters to keep them away from the polls.

A general discussion of Senator Pritchard's letter followed its reading by the President, who handed it to Attorney General Griggs.

The gravity of the situation was admitted by members of the Cabinet after the meeting adjourned.

During the session of the Cabinet Chairman Babcock called, but when informed that the President had laid Senator Pritchard's letter before the Cabinet, he did not send his letter in, feeling, as he said, that the letter would receive the consideration if demanded. He was fearful the President might overlook it in the accumulation of matters.

Attorney General Griggs was seen by the Post correspondent this afternoon. He produced Senator Pritchard's letter—two type-written pages, beginning: "My Dear Mr. President." "This is a private political letter," said Mr. Griggs, in response to a request for a copy, "and it would be manifestly improper for me to make it public." He said it referred to the North Carolina situation which, he said, was represented as threatening.

"Will you send Deputy United States marshals to preserve the peace?" he was asked.

"Marshals have authority to appoint

additional deputies if necessity arises, and I will approve such appointments when made," he replied.

Mr. Griggs said that no United States troops would be sent into the state unless called for by Governor Russell, unless the United States mails were interfered with. "In that case," he said, "troops will be sent whether the governor calls for them or not."

Reflecting a moment, Mr. Griggs said: "The people of North Carolina, South Carolina, California or New Jersey may as well understand, now as at any other time, that when riot or violence is threatened and governors ask for troops of the government, they will be sent, and when sent they will preserve the peace if they have to over-run the state. Order must and will be maintained there."

Attorney General Griggs has the entire matter in charge, and if Governor Russell should deem the situation to be so critical as to demand troops, he will communicate with Mr. Griggs, upon whose advice the president will act.

The object of Governor Russell's recent mysterious visit to Senator Pritchard, in the light of Pritchard's letter to the president, is now made clear.

As there are no state troops in service, should armed force be necessary national troops will have to be sent.

Inquiry at the war department develops that the Second regiment will be mustered out by October 29th. There is no probability that even in an emergency this regiment will be retained for possible service, as it is believed to be in sympathy with the white movement.

Adjutant General Corbin said this evening that he had no official knowledge of contemplated trouble in North Carolina and had not been asked for troops. In case troops are ordered to North Carolina they will be from Atlanta, and Northern regiments will be sent.

Assistant Attorney General Boyd left here today for North Carolina, to remain until after the election. He will keep Griggs posted.—News and Observer special.

A DEFIANT NEGRO JAILED.

An Old Offender Met his Match and Marched Before a Pistol.

Walter Hutson, a big meerschaum-colored coon who has an idea that he is the strongest man since Sampson, was arrested yesterday for beating a colored woman at a house in Warnersville. Policeman Jeffries made the arrest, but when he was about to handcuff the negro, he refused to allow it and abused the officer, giving him to understand that he could whip the whole police force. Officer Jeffries then stepped off a few feet, leveled his pistol at Hutson and told him in a way that showed the negro that he meant what he said, that if he did not turn and march double quick time toward the jail that he would fire.

Hutson was conquered. He turned and marched at the point of the pistol until they met officer Scott, when both the officers applied their nippers and took the negro to jail.

Hutson is an old offender and is wanted here on several charges. For months he has defied the police and has always escaped arrest, before.

During the fight the woman succeeded in reaching Hutson's head with a chair and made an ugly bump on his forehead. She was also locked up.

Filling Up the Jail.

Two white fellows named Stafford and Walker were arrested yesterday by officers Scott and Pearce for carrying concealed weapons—razors and pistols. They were tried this morning and bound over to court.

William Young, colored, was brought in yesterday from Oak Ridge and placed in jail to await court, for carrying a concealed weapon.

Dunk Harden, colored, was jailed yesterday for larceny.

The Cession of Fashoda Not Admitted to Discussion.

LEADING STEAMSHIP COMPANIES

Asked What Vessels Are Capable of Being Armed—The Swiss of the British Lion's Tail.

By Cable THE TELEGRAM.

London, Oct. 25.—All interest today is centered in Lord Salisbury's addition to the Fashoda correspondence which is contained in the British Blue Book upon the subject. Conservative newspapers express themselves as highly pleased with his rejoinder to the French Yellow Book. They declare it despoils the idea that the British Premier is willing to negotiate the whole question.

The Liberal and Radical organs still consider that Marquis Salisbury's attitude admits the negotiations as promising a friendly arrangement. The entire press, however, scouts the idea of the cession of Fashoda, as coming within the sphere of discussion.

London, Oct. 25.—The admiralty has sent a circular to the leading steamship companies asking them to submit reports indicating what ships in their respective fleets are capable of being particularly armed for their own defense. The design is to arm these ships with a view of reducing as far as possible the convoy work imposed upon the navy in case of war. The government contemplates supplying the necessary guns and ammunition.

PREPARE FOR MOBILIZATION.

London, Oct. 25.—All ships in the fleet and in reserve have been ordered prepared for immediate mobilization.

BY UNUSUAL ACTIVITY.

Halifax, Oct. 25.—Her Majesty's warships Pallas and Talbot arrived this morning from Bermuda. General Lord William Seymour, commander of the troops of the British in North America will return from Ottawa immediately, his visit having been cut short by unusual activity in military and naval circles at this station.

THE ENGINEER DEAD.

And the Train Making Terrific Rate of Speed.

By Wire TO THE TELEGRAM.

Binghamton, N. Y., Oct. 25.—The Erie express ran from here to Susquehanna today without guidance, the engineer lying dead in his cab with the top of his head crushed. The fireman was forced to remain in the cab, and being alarmed by the terrific speed of the train stopped the train.

The train was the fast express between Buffalo and New York, and had over two hundred passengers aboard. The engineer's name was Kingsley, and he was killed by a mail hanger, which struck his head.

Hurt at School.

At the noon recess at the colored school on Ashe street today a little eight-year-old girl, named Saunders, was thrown by an older girl and badly hurt. She was thrown on a sharp rock and a gash, several inches long, was cut on her leg. HIGH POINT, N. C., Oct. 25, '98. The young ladies democratic club will meet tomorrow afternoon at 4 o'clock at the home of the President, Miss Virginia Hamner. We trust that every true white lady in this city will join this club and will do all that is within her power to help on this great cause.

Upon invitation from the democratic club, Zeb. Vance Taylor, mayor of Greensboro, came up last night to address the club on the political issues. He was met at the train by several members of the club and the cornet band. After the roll of the club was increased to over 400, Mr. Taylor was introduced by President Doda-mead who said that a man with his (Taylor's) name could not be anything but a democrat and a white man (great applause.) The club could not have secured a better man for this occasion. He made a splendid speech. During his speech he read a letter from Dr. D. W. C. Benbow, which appeared in the Greensboro Record, stating that the situation in the east had not been overdrawn. In closing Mr. Taylor said that he trusted that the club had been as much inspired by his coming as he was himself. They were.

AS TO FEDERAL TROOPS.

One of the strongest facts in condemnation of the fusion management, corruption and rascality in North Carolina is shown in the threatened call for Federal troops by Governor Russell and Senator Pritchard. All there is in the matter is that the decency, the honor and respectability of the Tarheel State proposes to rise in its might and put an end to incompetence, rascality and negro rule in this State.

There is not and has not been any danger of the white people overstepping the bounds of the law. There is no necessity for Federal troops in this State unless it be to curb the mouths of such villains as the creature Covington, in Richmond county, who, in a speech told the negroes they were the best race of people on earth and advised the negroes to put their arms around the white college girls when they were employed to drive them around during vacation.

And while Col. Boyd is in the state to keep Attorney General Griggs posted we respectfully commend to his consideration such utterances as this, the Ashpole shooting and the recent letter of Postmaster Chadburn on the Wilmington situation. We do not believe the Federal government, knowing the facts and conditions, will attempt to ram negro supremacy down the throats of the intelligent people of North Carolina.

We, the white people of North Carolina, want fair play, we will have fair play, and neither Jeter, Pritchard nor Dan Russell can intimidate us with threats of bayonets. There is no power under high Heaven that can turn a regiment of soldiers on law-abiding citizens.

The white people of the state are further insulted by the statement that the Second North Carolina regiment will probably not be kept in service for this purpose as "it is believed they are in sympathy with the white movement." Why may we not expect a regiment, then, that is not in sympathy with the white movement to be sent, the Third North Carolina, for instance?

AN INDEPENDENT VIEW.

Nothing in the negro cry? The democrats without an issue in North Carolina? Verily the present issue is the most important and momentous

which our people have been called upon to settle since the war between the States. The Washington Post, an independent paper, views the situation and writes about it as follows:

"Every thoughtful and humane citizen from one end of the country to the other, will be appalled by the prospect now discernible in North Carolina. It is no longer possible to believe that the clamor of the whites is merely a revival of the old Democratic trick to catch votes and ride into official place and perquisites. On the contrary, we are confronted with the admissions of prominent Republicans to the effect that the question is far deeper and more vital—that it is, in fact, a question of simple civilization. We are carried back thirty years to the dark and bloody episode of reconstruction, and see once more the menace of the struggle between anarchy and organized society. That menace is obliterating mere party lines and bringing together the whites, without reference to political affiliations, in a solid phalanx of self-defense. The issue involves the preservation of enlightened institutions, of honest government, of law and order, of the integrity of the Caucasian race. It is an issue that can have but one termination.

Apparently, the white republicans have gone too far in their efforts to keep control of the North Carolina patronage. They have simply repeated the malign and sinister performances of the carpet-bagger of '68-'76, and invited a similar catastrophe. The Southern people have shown already that they cannot and will not submit to negro domination, with all that that implies. The negro has proved to the satisfaction of the entire country that he is incapable of conducting a civilized and wholesome government. As far back as 1869, the Northern men who went South to invest money and make for themselves permanent homes and legitimate careers, recognized the unquestionable fact that local negro rule was hopelessly inconsistent with social order and material prosperity. They accordingly joined the native whites in all matters connected with domestic politics, while voting the Republican ticket in all national contests. It was with their aid and sympathy the South threw off the incubus, and, after long years of tragedy, stood erect at last. It seems, however, that the North Carolina leaders have forgotten the lesson of thirty years ago, and are about to revive the horrors and calamities of that abominable episode. We draw this conclusion, not from the outcries and imprecations of Democratic demagogues and office-seekers, but from the solemn utterances of white Republican officials. Let us quote, for example, from the public declaration of Mr. McKinley's postmaster at Wilmington, made in the form of an open letter to Senator Pritchard:

"There is a greater feeling of unrest and uncertainty about the maintenance of order than I have ever seen, and many, even the most conservative, feel that a race conflict is imminent, than which nothing could be more disastrous, not only to this city and county, but to our party in the state, and rather than have riot, arson, and bloodshed prevail here, I, republican though I am, advise giving up the local offices in this county, as there are no national political principles involved in this contest.

"I had thought at first that it was merely the usual political cry and the fight for the offices, but I am now convinced the feeling is much deeper than this, as it pervades the whole community, and there seems to be a settled determination on the part of the property owners, business men, and taxpayers that they will administer city and county government."

This is from Hon. W. B. Chadburn, a republican of high personal character and of good social standing and responsibility. He is a friend of Senator Pritchard, and, as we have already shown, Mr. McKinley's appointee as postmaster of Wilmington. He states that there are thirty-six negro magistrates in that county alone, to say nothing of a negro register of deeds and various other officials of greater or less importance. This means that the places through which the people and the government are brought into the closest and most intimate contact are administered by negroes, while the business men, the taxpayers, and the classes most interested in government are, in the proportion of at least 95 per cent., whites. Is it conceivable that the representatives of practically all the property, the education, the enlightenment, and the civilization in North Carolina will assent to an arrangement so preposterous—so impossible? We think not. There is no reason why we should mince matters. The experiment has been tried, under the most favorable auspices, and it has proved a dismal and a tragic failure. Even Gen. Grant, who had conquered the Confederate armies in the field, could not, with all the civil and military power of the country at his back, force negro rule upon the southern whites. The thing is out of the question. It cannot be. And those who engage in such a desperate enterprise will reap only the harvest of dismay and ruin.

Have you chewed any of that "Grape" sun-cured tobacco? If you haven't, you have missed half of your life.

APPEAL TO WHITE MEN (Continued from first page)

feet the fusion ticket by a majority of 59,000 votes. They could and would elect every important officer in North Carolina, from governor down. Then if the white republicans and populist folded their arms and leave the fight to the democrats and negroes. What will then be the result? The result will be a democratic victory of 30,000 majority for the white people of North Carolina, and every officer in the state be a competent, respectable white man that would meet out justice to white and black alike. Then if the white republicans of 30,000 and the populist of 31,000; making 61,000 more whites added to the democratic party of 150,000, making a total of white votes of 211,000 against 120,000 negroes votes which would be a majority of 91,000 in North Carolina. These are figures that will not lie and according to the voting strength of all parties. There is no hope for white supremacy only in the hands of the democratic party. The white republicans and populist acknowledge to the negro their dependence by giving him so much pie to let them get into the bake-oven so they can get themselves pie. The negroes are fooled in their vote. They have drawn the race line wherever they have a majority and are standing solid for their color. Then we call upon the white man to stand to his color. Do have as much race pride as the negro has for his race.

Remember this election is not a contest between white republicans, populist and democrats. It is a contest between the Anglo-Saxon race and the African race for powers to rule. On which side will you cast your lot on the 8th day of November next? Oh, may God open your eyes, your ears, your heart and your stomach and overrule your prejudice, your ignorance and with some their meanness, and bring you to the ballot box by divine power, as He brought the animals into the ark of Noah, that our beloved state may be saved from a deluge of negro domination and that all that come into the political ark of white supremacy on the 8th day of November may be saved from disgrace and our state, our wives, our daughters, and all that is worth living for from shame and everlasting contempt. I know the rank and file of republicans and populists do not want the negroes in office. It is only the pie-hunters that the devil would not trust to chew entrails for his soap factory—that promise and give office to the negro to get his vote, so as to get pie themselves.

To my brethren I wish to say a word, and that is, you that have voted the republican ticket as a matter of state and national policy with the best lights you then had you were then able, but with the present facts staring you, your wife, your daughters, your state, and your God, in the face, can you and will you still, through prejudice, party pride or ignorance, vote to bring yourself and family with me and mine and our many brethren, as there are few comparatively of our church who are not democrats, and I hope none who wish negro rule. You may not see the danger, but I do, and I warn you to flee from it, and may the God I serve move upon all white men of every church, as He moved upon the face of the deep, and drive darkness from our eyes and give us one heart and one way on the 8th of November, that our votes may be for white supremacy, and that on that 8th day democrat, republican and populist may be buried, and that at sunset the shout of victory in the resurrection of Anglo-Saxon supremacy may bound and rebound from the Alleghany mountains to Old Ocean's proud shores, and that in future we all march hand in hand under the banner of "white supremacy," forgetting all former political names and appellations, and all stand up for good government.

And so a man is a good, honest, moral, truthful white man who is proud of his race and will not admit that anything except an angel from heaven is his equal, and nothing his superior. Vote for such men and such only, and you will restore to the old North State her former greatness and glory that she won under the leadership of the wisest and purest statesman that God ever blessed any people with—Zebulon B. Vance.

Yellow Jaundice Cured

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters, and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by C. F. Holton, druggist.

Mass Meeting of White People.

There will be a great mass meeting of the white people at Goldsboro on the 28th day of October, for the purpose of taking into consideration the political and social conditions of the east. After the adjournment of the convention, there will be short addresses upon the political situation by Honorable T. J. Jarvis, R. T. Bennett, C. B. Aycock, C. B. Watson, Locke Craig, R. B. Glenn, Benjamin Posey and Thomas W. Mason. Senator John W. Daniel, of Virginia, has been invited and is expected to speak. Arrangements will be made with all the railroads for special rates and schedules. Papers throughout the state are requested to copy.

Discovered by a Woman
Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is
to be chosen for a medicine in the first place;
what experience tells you is best, to be chosen
in the second place; what reason (i. e. Theory)
says is best is to be chosen in the last place.
But if you can get Dr. Inclinatio, Dr. Experi-
ence and Dr. Reason to hold a consultation to-
gether, they will give you the best advice
that can be taken."

When you have a bad cold Dr. In-
clinatio would recommend Chamber-
lain's Cough Remedy because it is
pleasant and safe to take. Dr. Experi-
ence would recommend it because it
never fails to effect a speedy and per-
manent cure. Dr. Reason would re-
commend it because it is prepared on
scientific principles, and acts on na-
ture's plan in relieving the lungs,
opening the secretions and restoring
the system to a natural and healthy
condition. For sale by C. E. Holton.

A SURPRISING WEDDING.

Mr. Geo. Tate of this City and Miss
Mabel Gray of Winston, married.

The news that Mr. George Tate was
married at Hillsboro yesterday after-
noon to Miss Mabel Gray, of Winsto-
ton, was a great surprise to their
many friends here, when they heard it
today. Mr. Tate was a student at the
University and none of his friends
here even suspected that he had any
intention of marrying so soon.

He passed through here a few days
ago en route to Winston where the
young couple expected to be married
but the young lady's parents discov-
ered and prevented it. Mr. Tate and
his prospective bride then went to
Hillsboro where they were quietly
married yesterday afternoon.

Miss Gray has visited much in
Greensboro and has a host of friends
here. She is the daughter of Dr. R.
F. Gray, of Winston.

The young and happy couple are
now visiting in Raleigh.

The Telegram congratulates both of
them and together with their many
friends, wishes them a long and happy
married life.
